Summary of Examiner Communication

Applicant conducted a telephone interview with Examiner Bonshock on January 25, 2007. During this interview, and in the interest of advancing prosecution, the pending claims and the Bibayan reference were discussed. In this regard, potential amendments which would clarify "a tree data structure", as claimed, were considered. Applicant and Examiner Bonshock agreed that the best course of action with respect to advancing the prosecution of this matter is for Applicant to submit clarifying amendments in Applicant's next response.
